New 2024 Isuzu

N Series

\$119,500 AUD*

Product Details

Describe the item	Refrigerated 3 Pallet body	Differential	Isuzu
Badge	NNR 45-150	VIN	JAANNR85HM7103546
Item Condition	Excellent	GCM	8000
Colour	White	GVM	4500
Stock Number	STE38823	Registration	N
Odometer	7	Suspension	Spring
Drive	4x2	Warranty	6 years 250000 km
Brakes	ABS - Disc	Wheel Base	3395
Coupling	N/A		

Description

This new 2024 Isuzu NNR refrigerated truck is suitable for chiller or freezer work and is packed with the world's best products, like the Thermo King SV400 Fridge, providing stable temperature control. The compressor unit is equipped with an optimized refrigeration system, a robust Tk compressor, and many other proven components to ensure state-of-the-art quality and reliability with superior cooling capacity.

Also, the thermally efficient body is the renowned Thermaxx Refrigerated Truck Body, offering the lowest 'K' Value in Australia, which means you get more payload per trip. With the one-piece aluminium floor, recessed stainless steel hardware and long-life EPDM rubber door seals, your goods and your truck will be protected for the long haul.
